**Questions & Answers:**

Q1. Regarding the above subject advertisement, MPR 4c states: “One environmental professional with a minimum.....”

Does this person need to be a “Registered Environment Professional” referred to as an “REP”, or can this be any professional person fulfilling the requirement stated (i.e. an Environmental Project Manager, a Civil PE or an Environmental PE)?

**A1. A “Registered Environmental Professional” is not required. The individual can be any professional fulfilling the requirement stated.**

Q2. Regarding minimum requirement 4d does a Bachelors in Environmental Science and a Master in Environmental Studies with a concentration in Wetland Sciences suffice as a related degree to biology, and/or ecology?

**A2. Yes, provided that proof of the concentration in wetland sciences is provided in the DOTD 24-102 form. The experience portion of the requirement must also be met.**
